DATABASE 2012-2024 ON ANTI-MUSLIM HATRED

Research findings

Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
Sweden	2018	ECRI Report - Final report on Sweden Adopted on 5 December 2017	https://rm.coe.int/090000168077e581	Racism & xenophobia, Discrimination	ECRI | European Commission against Racism and Intolerance | Council of Europé	In the ECRI report of 2012, the authorities was recommended to intensify their actions to combat islamophobia. Still, Muslims in Sweden are to a high degree exposed to prejudice and negative attitudes. ECRI sharply recommends that the authorities, without restricting anyone's editorial freedom, call upon the media to debate the representation they give of Islam and Muslim, as well as their responsibility in this, to avoid maintenance of prejudice.	The working methods for the preparation of the reports involve documentary analyses, a visit to the country concerned, and then a confidential dialogue with the national authorities.	ECRI's reports are analyses based on a great deal of information gathered from a wide variety of sources, such as data from national authorities and monitoring bodies, government bills and academic research.	Not applicable - national level
