DATABASE 2012-2024 ON ANTI-MUSLIM HATRED

Research findings

Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
Austria	2023	Austria, Documentation and Counselling Centre Islamophobia and Anti-Muslim Racism (Dokumentations- und Beratungsstelle Islamfeindlichkeit & antimuslimischer Rassismus) (2023). Antimuslim Racism Report 2022 (Antimuslimischer Rassismus Report 2022).	https://dokustelle.at/reports	Racism & xenophobia	Austria, Documentation and Counselling Centre Islamophobia and Anti-Muslim Racism (Dokumentations- und Beratungsstelle Islamfeindlichkeit & antimuslimischer Rassismus)	In 2022, the Documentation Centre recorded 1324 racist attacks against Muslims and people perceived as Muslim, comprising 244 offline and 1080 online incidents. The Documentation Centre points out that the statistics presented represent a snapshot and help to highlight trends in Austria. The number of actual assaults is assumed to be much higher. Most online offences are categorised as spreading hate (92%) and incitement to hatred (5%). As in the previous year, a particular correlation was observed between political events and verbal violence on the internet.	Documentation of reported and registered cases of Anti-Muslim racism.	Based on the incidents reported to the organisation in the reporting year	Not applicable - national level
