The working language of the Agency is English.

1.3 Additional information about the call for tenders procedure

This is an accelerated restricted Call for Tenders after publication of a Contract Notice in accordance with Article 104 (1) (b) of the Financial Regulations² and Article 127 (2) of the Rules of Application³

The restricted procedure is composed of two distinct phases:

- The first phase concerns the selection of candidates who will be invited to submit a tender;
- The second phase concerns the evaluation of the tenders submitted by the candidates selected in the first phase.

This document ("Tender Specifications/Part 1 -Selection of Candidates") concerns only the first step: Selection of Candidates.

¹ COUNCIL REGULATION (EC) No 168/2007 of 15 February 2007 establishing a European Union Agency for Fundamental Rights

² Council Regulation No 966/2012 of 25 October 2012 on the Financial Regulation applicable to the general budget of the Union

³ Commission Regulation No 1268/2012 of 29 October 2012 on the rules of application of Regulation 966/2012

Only selected candidates will receive the "Tender Specifications/Part 2 Evaluation of Tenders", which will contain further information and instructions related to the administrative procedure, contractual and financial issues (guarantees and terms of payments, draft framework contract and draft specific contracts or order forms), the award procedure and the detailed technical specifications.

Candidates must maintain the confidentiality of the information contained in the documents ("Tender Specifications/Part 2 - Evaluation of tenders"), and prevent its dissemination outside its organization, without written authorization from FRA. Candidates must also assume the responsibility for any employee, agent, contractor or others to whom they disclose information necessary for the preparation of the tender in the context of this Call for Tenders.

FRA will treat all communications from and replies to candidates as confidential and will not discuss or disclose their contents to third parties. FRA will, however, retain all tenders received and reserves the right to use third party support during the evaluation process.

2. Division into lots

This tender is not divided into lots. Submission of a tender for only some of tasks to be performed under the contract will lead to the rejection of the tender.

3. Purpose of the tender

The purpose of this invitation to tender is to award Multiple Framework Services contracts for the provision of security and reception services.

The contracting authority intends to award a minimum of three (3) and a maximum of five (5) framework contracts for the provision of security and reception services as specified in the technical specifications of Phase II of the accelerated restricted procedure, provided that there is a sufficient number of economic operators that satisfy the selection criteria or a sufficient number of admissible tenders which meet the award criteria.

The multiple framework contracts will take the form of contracts which are separate but concluded on identical terms with each of the successful tenderers. Framework contracts involve no direct commitment and, in particular, do not constitute orders per se. Instead, they lay down the legal, financial, technical and administrative provisions governing the relations between the Contracting Authority and the Contractor during the period of its validity. Specific contracts or Order Forms will be issued throughout the validity of the Framework contract. Such specific contracts or orders will be attached to the Framework Contract. The draft Framework Contract specifies the basic conditions applicable to any assignment placed under its terms. Signature of a Framework Contract does not oblige the Contracting Authority to place an assignment. The Framework Contract does not preclude the Contracting Authority from assigning tasks in the areas set out above to other Contractors or from having these tasks carried out by Contracting Authority's staff.

4. Place of delivery or performance

The place of performance of the tasks shall be the Contractor's premises or any other place indicated in the technical specifications of Phase II of the restricted procedure.

5. Duration

The framework contract(s) resulting from the present restricted call for tenders shall enter into force the date on which it is signed by the last contracting party.

The framework contract(s) will have an initial duration of one (1) year from the date of signature and may be renewed up to three (3) times for an additional period of one (1) year each time. The Contract(s) shall be renewed automatically under the same conditions, unless written notification to the contrary is sent by one of the contracting parties and received by the other before expiry of the period indicated in the Draft Framework Contract(s). Renewal does not imply any modification or deferment of existing obligations. The duration of the framework contract(s) shall not exceed four (4) years.

Implementation of the contract(s) may not start before the date on which the contract enters into force.

6. Volume

The maximum contract amount has been estimated at € 550,000.00 - excl. VAT, for four (4) years. The Contracting Authority may exercise the option to increase the estimated contract amount at a later stage via negotiated procedure with the successful tenderer(s) in accordance with Article 134 (1) (e) and (f) of the Rules of Application of the Financial Regulation.

7. Terms of payment

The payment arrangements governing the contract resulting from the present call for tenders are detailed in the relevant articles of the Draft framework contract.

8. Financial guarantees

No tender guarantee is required.

Based on a risk assessment, the Contracting Authority may request a pre-financing guarantee in the amount of the pre-financing and in the form set out in the Annex – Standard Submission Form.

No performance guarantee will be required.

9. Participation in the tendering procedure

Participation in tendering procedures is open on equal terms to all natural and legal persons coming within the scope of the Treaties and to all natural and legal persons in a third country which has a special agreement with the Communities in the field of public procurement on the conditions laid down in that agreement⁴.

⁴ Please note that the European Union Agency for Fundamental Rights is not part of the Agreement on Government Procurement (GPA) concluded within the World Trade Organisation. Therefore, the Agency's procurement procedures are not open to tenderers from GPA countries.

10. Consortia or group of service providers

Joint tenders submitted by several economic operators (a consortium or a group of companies) are allowed. In such cases, one of the members must be designated as the group leader or group manager. All members of a consortium or a group of companies (i.e. the leader and all other members) are jointly and severally liable towards the Contracting Authority. Changes in the composition of the consortium or group of companies must be expressly authorised by the Contracting Authority.

Tenderers submitting joint bids shall describe how their cooperation will be organised in order to perform the tasks specified in Technical Specifications of part II of the accelerated restricted procedure.

Joint tenders will be assessed as follows:

- The exclusion criteria will be assessed in relation to each economic operator individually. The Declaration of Honour with respect to the Exclusion Criteria and Absence of Conflict of Interest included in the Annex – Standard Submission Form, duly signed and dated, stating that the tenderer is not in one of the exclusion situations, must be provided by each member of the consortium or the group.
- The selection criteria for economic and financial capacity will be assessed in relation to each economic operator individually. However, economic and financial criteria that shall be achieved above a certain minimum threshold (as specified in the selection criteria mentioned below) will be assessed in relation to the consortium or group of companies as a whole.
- The selection criteria for technical and professional capacity will be assessed in relation to the consortium or group of companies as a whole.

11. Subcontracting

Any intention to subcontract part of the contract must be clearly stated by the candidate in the annex – Standard Submission Form. Candidates must indicate the maximum percentage of the contract they intend to subcontract and the identity of those subcontractors they intend to work with whose intended share of the contract is above 10% of the total contract amount, and clearly state the nature of their links to those subcontractors.

For each subcontractor identified in the request to participate, candidate must provide a Letter of Intent signed by the subcontractor stating their unambiguous undertaking to collaborate with the tenderer.

Offers involving subcontracting will be assessed as follows:

- The exclusion criteria of all identified subcontractors whose intended share of the contract is above 10% will be assessed. The Declaration of Honour with respect to the Exclusion Criteria and Absence of Conflict of Interest included in the annex, duly signed and dated, stating that the subcontractor is not in one of the exclusion situations, must be provided by each identified subcontractor.
- Where the candidates relies on the economic, financial, technical and professional capacity of the identified subcontractor(s) to meet the selection criteria, subcontractors shall be

treated as if they were partners in a consortium or a group of companies for the purposes of the evaluation of the selection criteria, and therefore, they shall provide proof of economic, financial, technical and professional capacity as well.

Candidates must inform the subcontractor(s) and include in their Letter of Intent that the provisions referring to checks and audits included in the Draft Contract may be applied to them.

Once the contract has been signed, the provisions regarding subcontracting included in the Draft Contract will apply. The Contracting Authority retains the right to approve or reject the proposed subcontractors.

If the request to participate includes subcontracting, it is recommended that contractual arrangements with subcontractors include mediation as a method of dispute resolution.

12. Visits to premises

A visit to the premises is not foreseen at the first step of the restricted procedure.

13. Opening of the requests to participate

In the first phase (Selection of Candidates), the opening of the Requests to Participate will not be public. However, all candidates will be informed of the decision regarding their Request to participate as soon as the selection is completed.

Remark: the selected candidates who submit a tender in the second phase of the procurement procedure will be invited to attend the opening of the tenders. Further details will be provided to those selected candidates in the "Tender specifications- Part 2 - Evaluation of the Tenders".

14. Contacts between the candidate and the contracting authority

In principle, no contact is permitted between the contracting authority and the candidates during the tendering procedure.

However, in exceptional circumstances contact may be made on the candidates initiative before the final date for the submission of bids, in order (and only for this reason) to clarify the nature of the contract.

Such requests for further information may be made by fax, e-mail or to the address below:

<p>European Union Agency for Fundamental Rights Invitation to tender No: F-SE-14-T13 Administration Schwarzenbergplatz 11 Vienna 1040 – Austria Fax: +43 (0)1 580 30 691 ; e-mail: procurement@fra.europa.eu</p>

The answers to the requests for additional information will also be posted on <http://fra.europa.eu/en/about-fra/procurement>. The website will be updated regularly and it is the tenderers' responsibility to check for updates and modifications during the tendering period.

Similarly, contact may in exceptional circumstances be made on the Agency's initiative:

Or

- After the opening of the requests to participate, where a request to participate requires clarification or the correction of obvious clerical errors.

Please note that such contact may not result in the modification of the terms of the Request to Participate.

15. Alteration or withdrawal of tenders

Candidates may alter or withdraw their request to participate by written notification prior to the deadline for submission of tenders. No request to participate may be altered after the deadline for submission. Withdrawals must be unconditional and will end all participation in the tender procedure.

Any such notification of alteration or withdrawal must be prepared and submitted in accordance with the instructions on how to submit requests to participate, and the envelope must also be marked with "alteration" or "withdrawal" as appropriate.

16. Variants

Variant solutions are not allowed and will not be taken into consideration.
