Part 1 (Publicly available)

1) Controller(s) of data processing operation (Article 31.1(a))
Controller: European Union Agency for Fundamental Rights (FRA)
Schwarzenbergplatz 11, A-1040 Vienna, Austria
Telephone: +43 1 580 30 – 0
Email: contact@fra.europa.eu
Organisational unit responsible for the processing activity: Institutional Cooperation and Networks Unit

2) Who is actually conducting the processing? (Article 31.1(a))
The data is processed by the FRA itself

---

2 Personal data is any information relating to an identified or identifiable natural person, i.e. someone who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity. This information may, for example, be the name, date of birth, a telephone number, biometric data, medical data, a picture, professional details, etc.
Processing means any operation or set of operations which is performed on personal data, whether or not by automatic means, such as collection, recording, organisation, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.
3 In case of more than one controller (e.g. joint FRA research), all controllers need to be listed here
4 This is the unit that decides that the processing takes place and why.
5 Is the FRA itself conducting the processing? Or has a provider been contracted?
The data is processed also by a third party (contractor) [mention the third party] Processors-FRANET partners (one at EU level and seven at national level)

Contact point at external third party (e.g. Privacy/Data Protection Officer – use functional mailboxes, not personal ones, as far as possible):
Please refer to this website including further links to the 8 FRANET contractors involved (one at the EU level, and one in each of the following Member States: Bulgaria, Croatia, Estonia, Finland, France, Germany and Portugal)

3) Purpose of the processing (Article 31.1(b))

Why are the personal data being processed? Please provide a very concise description of what you intend to achieve with the processing operation. Specify the rationale and underlying reason for the processing and describe the individual steps used for the processing. If you do this on a specific legal basis, mention it as well (e.g. staff regulations for selection procedures).

The Common Provisions Regulation (Regulation 2021/1060) governing EU funds requires that EU funds comply with the Charter of Fundamental Rights and the Convention on the Rights of Persons with Disabilities. In order to promote such compliance, the Regulation foresees a role for national bodies with a human rights remit.
This project aims at discovering what that role could be with a view to drafting a FRA report on the topic. It will therefore gather data in written form, interview relevant individuals (such as those working for the Commission, the national authorities dealing with EU funds, civil society, and academics) and organize meetings that will allow for exchanges of views.

11) Lawfulness of the processing (Article 5.1.(a)–(e))\(^7\): Processing necessary for:

*Mention the legal basis which justifies the processing and assess that the purposes specified are purposes specified, explicit, legitimate.*

---

\(^7\) Tick (at least) one and explain why the processing is necessary for it. Examples:

(a) a task attributed to your EUI by legislation, e.g. procedures under the staff regulations or tasks assigned by an Agency’s founding regulation. Please mention the specific legal basis (e.g. “Staff Regulations Article X, as implemented by EUI IR Article Y”, instead of just “Staff Regulations”)

(a2) not all processing operations required for the functioning of the EUIs are explicitly mandated by legislation; recital 17 explains that they are nonetheless covered here, e.g. internal staff directory, access control.

(b) a specific legal obligation to process personal data, e.g. obligation to publish declarations of interest in an EU agency’s founding regulation.

(c) this is rarely used by the EUIs.

(d) if persons have given free and informed consent, e.g. a photo booth on EU open day, optional publication of photos in internal directory;

(e) e.g. processing of health information by first responders after an accident when the person cannot consent.
