## QUESTION AND ANSWER (III)

**Subject: D-SE-13-T07 EU-MIDIS II Pre-test**

**Contract notice: 2013/S 142-246403 of 24/07/2013**

### **Question 1:**

Can you confirm that you do not require full transcriptions of the recorded interviews?

### **Answer 1:**

According to the Technical Specifications (p. 15), the research deliverables include the completed interview templates from all the interviews in all pre-test countries, as carried out in Activity 6. The full transcriptions of the recorded interviews are not required as a deliverable – however, the recordings of the interviews should be stored for the purpose of quality control of the interviews and the behavior coding.

### **Question 2:**

Can you confirm whether you require behavior coding to be carried out from the recorded interviews?

### **Answer 2:**

According to the Technical Specifications (p. 13), the behavior coding items should be completed on the basis of recorded interviews.
