

## Research findings

Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
Austria	2015	Prenner, S., Marketagent.com - Digitale Markt- und Meinungsfor schung (2015), Refugee Report. Österreich zwischen Hilfsbereits chaft und Fremdenfeindlichkeit, Wien,	<a href="http://www.marketagent.com/webfiles/MarketagentCustomer/pdf/99f50b87-1946-4db8-be26-3b2f0e0bd3da.pdf">http://www.marketagent.com/webfiles/MarketagentCustomer/pdf/99f50b87-1946-4db8-be26-3b2f0e0bd3da.pdf</a>	Racism & xenophobia	Prenner, S.	Eight out of ten respondents are worried about the current influx of refugees. 87% perceive the distribution of refugees in Europe as unfair. 66% of the respondents aged between 60 and 69 and 38% of the respondents aged between 14 and 19 fear that the refugee-influx situation leads to an increased Islamisation. 19% would have a positive attitude towards a refugee camp in their neighbourhood and 45% would have a negative attitude towards it. The Freedom Party is first ranking when it comes to the question which party is the best to develop a suitable concept in dealing with refugees (24% selected this party). 41% are strongly in favour of border controls in Austria. 46% of all respondents are in favour of stronger controls and deleting of xenophobic postings in social media	CAWI survey, online-interviews among web active Austrians aged between 14 and 69 years. Monetary incentives, 43 closed questions	n=2,018, sample is representative for all web-active Austrians aged between 14 and 69 years. Poll carried out between 17 and 25 September 2015	Not applicable - national level
