Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
Finland	2019	Rask, S. & Castaneda, A. (2019). 'Syrjintäkokemukset ja niiden yhteys hyvinvointiin ja kotoutumiseen ulkomaalaistaustaisessa väestössä' (The connection between experiences of discrimination and the well-being and integration of people with migrant backg	http://urn.fi/URN:ISBN:978-952-327-487-7	Discrimination	Finland, Ministry of Economic Affairs and Employment, Työ- ja elinkeinoministeriö	The study discusses experiences of discrimination, including negative verbal comments, negative gestures, threats of violence, vandalism and exclusion. Whereas 40 % had experienced some form of discrimination during the last 12 months, 43.2 % of the respondents from Middle East and North Africa had done so. The most common form of discrimination was being target of negative comments. 29.3 % of the respondents from Middle East and North Africa had experienced this at least once during the previous year. Only respondents from other parts of Africa experienced more such forms of discrimination (45.5 %).	Qualitative study using electronic questionnairs together with paper questionnairs and phone calls when necessary.	Information gathered between May 2018 and January 2019 in connection with the FinMonik survey on well-being among foreign born population. Random sampling was conducted using the Finnish Population Information System (N=12877). The response rate was 53.1 % (N=6836). The survey was implemented by the Finnish Institute for Health and Welfare (Terveyden- ja hyvinvoinninlaitos/Institutet för hälsa och välfärd).	Not applicable - national level
