DATABASE 2012-2024 ON ANTI-MUSLIM HATRED

Research findings

Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
Denmark	2020	Udlændinge- og Integrationsministeriet (Ministry of Immigration and Integration), Det nationale integrationsbarometer (The National Integration Barometer)	https://integrationsbarometer.dk/barometer/sammenlign/?v=795d54a3e033&include_c...	Discrimination	Denmark, The Ministry of Immigration and Integration	The yearly poll from the Ministry of Immigration and Integration shows the share of non-western immigrants and descendants who have experienced being discriminated because of their ethnic background. In 2012, 45 % of all respondents report that they have experienced being discriminated because of their ethnic background. The share remained level in 2013 and dropped to 43 % in 2014 through 2016. In 2018 the share rose to a record high of 48 %, while it has dropped to 45 % in 2020.	Poll	The poll is part of the 'Integration Barometer' - a bundle of statistics collected by The Ministry of Immigrants and integration that measures the level of integration of immigrants and descendants into Danish society. The poll shows the share of non-western immigrants and descendants who have experienced being discriminated because of their ethnic background. Only immigrants who have resided in Denmark for at least three years are included. The poll has been conducted on a yearly basis since 2012	Not applicable - national level
