DATABASE 2012-2024 ON ANTI-MUSLIM HATRED

Research findings

Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
France	2020	CNCDH (2020) Rapport 2019 sur la lutte contre le racisme, l'antisémitisme et la xénophobie (2019 report on the fight against racism, antisemitism and xenophobia)	https://www.cncdh.fr/sites/default/files/rapport_racisme_-_v_definitive_08_06_2...	Racism & xenophobia, Discrimination	France, French Consultative Commission for Human Rights	36% of the population view Muslims as 'forming a separate group in society'. Certain Muslim religious practices are still perceived as difficult to reconcile with French society, even if levels remain stable overall compared to last year, from an analytical framework a repressive analysis of refugees. Anti-Muslim acts recorded 12 showed an overall increase of 54% over the past year - 154 acts (compared to 100 in 2018) which are made up of 91 threats (compared to 55 in 2018) and 63 acts (compared to 45 in 2018), an increase of 40%).	The CNCDH bases its analyses on the statistical assessment of the Ministry of the Interior and the Ministry of Justice, surveys on public opinion, analyses by CNCDH partner researchers, and in particular their longitudinal tolerance index, and contributions from institutional, association and international actors.
