# DATABASE 2012-2024 ON ANTI-MUSLIM HATRED

## Research findings

| Country code | Year | Reference details title | Reference details URL | Main thematic focus | Institution | Key findings - Short summary | Methodology (Qualitative/Quantitative and exact type used, questionnaires etc) | Sample details and representativeness | Area/location of interest - NUTS3 level |
|---|---|---|---|---|---|---|---|---|---|
| Austria | 2021 | Austria, Federal Ministry for the Interior (2021), Pilot Report - Hate crime in Austria. | https://www.bmi.gv.at/408/Projekt/files/320_2021_Hate_Crime_Pilot_Report_Englis... | Hate crime | Austria, Federal Ministry for the Interior (Bundesministerium für Inneres) | The identification and recognition of bias motives has become an integral part of the work routine of the Austrian police since November 2020. The first half year of police recognition (November 2020 to April 2021) was statistically evaluated. The key results are: In 1,936 bias-motivated crimes, 2,401 bias motives were registered. The categories "national/ethnic origin", "ideology/ political views" and "religion" were the ones most frequently assigned to the offences. In terms of bias motivations, "gender", "sexual orientation", Muslim faith and "disability" dominated in offences against life and limb, freedom, honour or sexual integrity and self-determination. | Quantitative (statistics on incidents) | Not applicable | Not applicable - national level |
