DATABASE 2012-2024 ON ANTI-MUSLIM HATRED

Research findings

Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
Belgium	2022	Unia, 2021 figures report (Rapport chiffres 2021)	https://www.unia.be/files/Documenten/Publicaties_docs/Rapport_chiffres_2021_Uni...	Discrimination	Belgium, Unia (the Belgian equality body)	Regarding the Muslim community, in 2021, UNIA opened 243 files related to discrimination based on religious convictions, 76,5% of which related to Islam (among those related to Islam, 64% of victims were women). Most of the cases of discrimination due to religious conviction (35%) were related to employment. In the field of education (14% of cases of discrimination due to religious conviction), most cases related to issues regarding dress code (35.3%), in particular wearing the Islamic headscarf.	The report is an analysis of all the cases reported to Unia, Belgium's equality body, in 2021.	In 2021, Unia received 10610 reports of discrimination. This number includes all contact with Unia and its local contact points. These are reports of alleged victims of discrimination, crimes or hate messages, but also testimonies, questions or concerns from third parties or questions from people or organisations who wish to avoid any discrimination in a concrete situation.	Not applicable - national level
