DATABASE 2012-2024 ON ANTI-MUSLIM HATRED

Research findings

Country code	Year	Reference details title	Reference details URL	Main thematic focus	Institution	Key findings - Short summary	Methodology (Qualitative/Quantitative and exact type used, questionnaires etc)	Sample details and representativeness	Area/location of interest - NUTS3 level
Sweden	2024	Sweden, Swedish National Council for Crime Prevention (2024). Hate crimes with Islamophobic motives reported to the police during the autumn of 2023.	https://bra.se/rapporter/arkiv/2024-05-02-polisanmalda-hatbrott-med-islamofobis...	Hate crime	Sweden, Swedish National Council for Crime Prevention (Brottsförebyggande rådet)	The report compiles the hate crimes registered as having "Islamophobic" motives that were reported after the 7 October Hamas attacks against Israel and the war that ensued in Gaza, up until 31 December 2023. The statistics are compared with the same period in 2022. According to the report, the number of reports of "Islamophobic" hate crimes during the autumn of 2023 remained relatively unchanged compared to the corresponding period in 2022. The highest number of crimes with "Islamophobic" motives were reported at the beginning of the period. Reports made in digital environments accounted for a significantly larger proportion in the autumn of 2023 compared to 2022.	Quantitative (statistics on incidents)	N/A - not applicable/available	Not applicable - national level
