Poland	2023	Council of Europe (2023), ECRI Report on Poland (sixth monitoring cycle).	https://www.coe.int/en/web/european-commission-against-racism-and-intolerance/p...	Racism & xenophobia	Poland, European Commission against Racism and Intolerance (ECRI), Council of Europe	The report points to the small size of the Muslim community in Poland, and the resulting little visibility. It underlines good practices of inter-faith cooperation with Muslim and Orthodox communities. It however also notes a negative media portrayal of Muslims in Polish media and incidents of Anti-Muslim hate speech, especially against their Muslim community leaders and in connection with terrorist attacks in other countries. The report links underreporting of anti-Muslim hatred to a reluctance by the police to investigate such incidents.	ECRI, an independent human rights monitoring body of the Council of Europe, monitors racism, discrimination, and intolerance in member states through five-year cycles. Its reports are based on documentary analyses, on-site visits and dialogue with national authorities. The sixth round focuses on effective equality, hate speech and violence, and integration, while addressing country-specific issues. Information is gathered from diverse sources rather than direct inquiries. Authorities can comment on drafts and request their views be appended.
