Enforcement of criminal sanctions act (Zakon o izvrševanju kazenskih sankcij)	Regarding the three recommendations that were not accepted by the URSIKS General Office, two of the recommendations referred to ZPKZ lg. The NPM recommended that the possibility of allowing prisoners to use headsets to make video calls via the Skype application, from the point of view of ensuring greater privacy, be considered. The URSIKS General Office explained that they had already considered this possibility, but did not decide to use “shared” headphones for hygiene reasons. In addition, even the use of headphones would not ensure greater privacy in the event that this form of contact was used by two prisoners at the same time. However, if the use of Skype cabins were only allowed to one prisoner individually, the possibility of using such contacts would be halved.	2022	https://www.varuh-rs.si/fileadmin/user_upload/pdf/DPM/Letna_porocila_DPM/Slovenian_Ombudsman_NPM_Report_2022.pdf
