2.11.2 A party faced with force majeure shall formally notify the other party without delay, stating the nature, likely duration and foreseeable effects.

2.11.3 The party faced with force majeure shall not be held in breach of its contractual obligations if it has been prevented from fulfilling them by force majeure. Where the contractor is unable to fulfil its contractual obligations owing to force majeure, it shall have the right to remuneration only for the tasks actually executed.

2.11.4 The parties shall take all the necessary measures to limit any damage due to force majeure.

2.12 LIQUIDATED DAMAGES

The contracting authority may impose liquidated damages should the contractor fail to complete its contractual obligations, also with regard to the required quality level, according to the tender specifications.

Should the contractor fail to perform its contractual obligations within the time limits set by the FWC or the relevant order form or specific contract, then, without prejudice to the contractor's actual or potential liability or to the contracting authority's right to terminate the FWC or the relevant order form or specific contract, the contracting authority may impose liquidated damages for each and every calendar day of delay according to the following formula:

$$0.3 \times (V/d)$$

V is the price of the relevant purchase;

d is the duration specified in the relevant order form or specific contract or, failing that, the period between the date specified in Article 2.4.1 and the date of delivery or performance specified in the relevant order form or specific contract, expressed in calendar days

The contractor may submit arguments against this decision within 30 days of receipt of the formal notification. In the absence of a reaction on its part or of written withdrawal by the contracting authority within 30 days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable.

The parties expressly acknowledge and agree that any sums payable under this article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses incurred due to failure to fulfil obligations which may be reasonably anticipated.

2.13 SUSPENSION OF THE CONTRACT

2.13.1 Suspension by the contractor

The contractor may suspend the performance of the FWC or order form or specific contract or any part thereof if a case of force majeure makes such performance impossible or excessively difficult. The contractor shall inform the contracting authority about the suspension without delay, giving all the necessary reasons and details and the envisaged date for resuming the performance of the FWC, order form or specific contract.

Once the circumstances allow resuming performance, the contractor shall inform the contracting authority immediately, unless the contracting authority has already terminated the FWC, order form or specific contract.

2.13.2 Suspension by the contracting authority

The contracting authority may suspend the performance of the FWC or order form or specific contract or any part thereof:

- (a) if the FWC or order form or specific contract award procedure or the performance of the FWC prove to have been subject to substantial errors, irregularities or fraud;
- (b) in order to verify whether presumed substantial errors, irregularities or fraud have actually occurred.

Suspension shall take effect on the day the contractor receives formal notification, or at a later date where the notification so provides. The contracting authority shall as soon as possible give notice to the contractor to resume the service suspended or inform the contractor that it is proceeding with termination of the FWC or order form or specific contract. The contractor shall not be entitled to claim compensation on account of suspension of the FWC or order form or specific contract or of part thereof.

2.14 TERMINATION BY THE CONTRACTING AUTHORITY

2.14.1 Grounds for termination

The contracting authority may terminate the FWC, an order form or a specific contract respectively in the following circumstances:

- (a) if a change to the contractor's legal, financial, technical or organisational or ownership situation is likely to affect the performance of the FWC or order form or specific contract substantially or call into question the decision to award the FWC;
- (b) if execution of the tasks under a pending order form or a specific contract has not actually commenced within 15 days of the date foreseen, and the new date proposed, if any, is considered unacceptable by the contracting authority, taking into account article 2.8.2;
- (c) if the contractor does not perform the FWC or an order form or specific contract as established in the tender specifications or request for service or fails to fulfil another substantial contractual obligation; termination of three or more order forms or specific contracts on this ground shall constitute ground for termination of the FWC;
- (d) in the event of force majeure notified in accordance with article 2.11 or if the performance of the FWC or order form or specific contract has been suspended by the contractor as a result of force majeure, notified in accordance with article 2.13, where either resuming performance is impossible or the modifications to the FWC or order form or specific contract might call into question the decision awarding the FWC or

order form or specific contract, or result in unequal treatment of tenderers or contractors;

- (e) if the contractor is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (f) if the contractor or any natural person with the power to represent it or take decisions on its behalf has been found guilty of professional misconduct proven by any means;
- (g) if the contractor is not in compliance with its obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which it is established or with those of the country of the applicable law of this FWC or those of the country where the FWC is to be performed;
- (h) if the contracting authority has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed fraud, corruption, or are involved in a criminal organisation, money laundering or any other illegal activity detrimental to the Union's financial interests;
- (i) if the contracting authority has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed substantial errors, irregularities or fraud in the award procedure or the performance of the FWC, including in the event of submission of false information;
- (j) if the contractor is unable, through its own fault, to obtain any permit or licence required for performance of the FWC or order form or specific contract;
- (k) if the needs of the contracting authority change and it no longer requires new services under the FWC;
- (l) when due to the termination of the FWC with one or more of the contractors there is no minimum required competition within the multiple framework contract with reopening of competition.

2.14.2 Procedure for termination

When the contracting authority intends to terminate the FWC or order form or specific contract it shall formally notify the contractor of its intention specifying the grounds thereof. The contracting authority shall invite the contractor to make any observations and, in the case of point (c) of Article 2.14.1, to inform the contracting authority about the measures taken to

continue the fulfilment of its contractual obligations, within 30 days from receipt of the notification.

If the contracting authority does not confirm acceptance of these observations by giving written approval within 30 days of receipt, the termination procedure shall proceed. In any case of termination the contracting authority shall formally notify the contractor about its decision to terminate the FWC or order form or specific contract. In the cases referred to in points (a), (b), (c), (e), (g), (j), (k) and (l) of Article 2.14.1 the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (d), (f), (h), and (i) of Article 2.14.1 the termination shall take effect on the day following the date on which notification of termination is received by the contractor.

2.14.3 Effects of termination

In the event of termination, the contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the notification of termination, the contractor shall take all the appropriate measures to minimise costs, prevent damages, and cancel or reduce its commitments. The contractor shall have 60 days from the date of termination to draw up the documents required by the special conditions or order forms or specific contracts for the tasks already executed on the date of termination and produce an invoice if necessary. The contracting authority may recover any amounts paid under the FWC.

The contracting authority may claim compensation for any damage suffered in the event of termination.

On termination the contracting authority may engage any other contractor to execute or complete the services. The contracting authority shall be entitled to claim from the contractor all extra costs incurred in this regard, without prejudice to any other rights or guarantees it may have under the FWC.

2.15 REPORTING AND PAYMENTS

2.15.1 Date of payment

Payments shall be deemed to be effected on the date when they are debited to the contracting authority's account.

2.15.2 Currency

The FWC shall be in euros.

Payments shall be executed in euros or in the local currency as provided for in Article 1.5.

Conversion between the euro and another currency shall be made according to the daily euro exchange rate published in the *Official Journal of the European Union* or, failing that, at the

monthly accounting exchange rate established by the European Commission and published on its website, applicable on the day on which the payment order is issued by the contracting authority.

2.15.3 Costs of transfer

The costs of the transfer shall be borne in the following way:

- (a) costs of dispatch charged by the bank of the contracting authority shall be borne by the contracting authority,
- (b) cost of receipt charged by the bank of the contractor shall be borne by the contractor,
- (c) costs for repeated transfer caused by one of the parties shall be borne by the party causing repetition of the transfer.

2.15.4 Invoices and Value Added Tax

Invoices shall contain the contractor's identification, the amount, the currency and the date, as well as the FWC reference and reference to the order form or specific contract.

Invoices shall indicate the place of taxation of the contractor for value added tax (VAT) purposes and shall specify separately the amounts not including VAT and the amounts including VAT.

The contracting authority is, as a rule, exempt from all taxes and duties, including VAT, pursuant to the provisions of Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Union.

The contractor shall accordingly complete the necessary formalities with the relevant authorities to ensure that the supplies and services required for performance of the FWC are exempt from taxes and duties, including VAT exemption.

2.15.5 Pre-financing and performance guarantees

Pre-financing guarantees shall remain in force until the pre-financing is cleared against interim payments or payment of the balance and, in case the latter takes the form of a debit note, three months after the debit note is notified to the contractor. The contracting authority shall release the guarantee within the following month.

Performance guarantees shall cover performance of the service in accordance with the terms set out in the request for services until its final acceptance by the contracting authority. The amount of the performance guarantee shall not exceed the total price of the order form or specific contract. The guarantee shall provide that it remains in force until final acceptance. The contracting authority shall release the guarantee within a month following the date of final acceptance.

Where, in accordance with Article 1.4, a financial guarantee is required for the payment of pre-financing, or as performance guarantee, it shall fulfil the following conditions:

- (a) the financial guarantee is provided by a bank or an approved financial institution or, at the request of the contractor and agreement by the contracting authority, by a third party;
- (b) the guarantor stands as first-call guarantor and does not require the contracting authority to have recourse against the principal debtor (the contractor).

The cost of providing such guarantee shall be borne by the contractor.

2.15.6 Interim payments and payment of the balance

The contractor shall submit an invoice for interim payment upon delivery of intermediary results, accompanied by a progress report or any other documents, as provided for in Article 1.4 or in the tender specifications or in the order form or specific contract.

The contractor shall submit an invoice for payment of the balance within 60 days following the end of the period referred to in Article 1.2.2, accompanied by a final progress report or any other documents provided for in Article 1.4 or in the tender specifications or in the order form or specific contract.

Upon receipt, the contracting authority shall pay the amount due as interim or final payment, within the periods specified in Article 1.4, provided the invoice and documents have been approved and without prejudice to Article 2.15.7. Approval of the invoice and documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information they contain.

Payment of the balance may take the form of recovery.

2.15.7 Suspension of the time allowed for payment

The contracting authority may suspend the payment periods specified in Article 1.4 at any time by notifying the contractor that its invoice cannot be processed, either because it does not comply with the provisions of the FWC, or because the appropriate documents have not been produced.

The contracting authority shall inform the contractor in writing as soon as possible of any such suspension, giving the reasons for it.

Suspension shall take effect on the date the notification is sent by the contracting authority. The remaining payment period shall start to run again from the date on which the requested information or revised documents are received or the necessary further verification, including on-the-spot checks, is carried out. Where the suspension period exceeds two months, the contractor may request the contracting authority to justify the continued suspension.

Where the payment periods have been suspended following rejection of a document referred to in the first paragraph and the new document produced is also rejected, the contracting authority reserves the right to terminate the order form or specific contract in accordance with Article 2.14.1(c).

2.15.8 Interest on late payment

On expiry of the payment periods specified in Article 1.4, and without prejudice to Article 2.15.7, the contractor is entitled to interest on late payment at the rate applied by the European Central Bank for its main refinancing operations in Euros (the reference rate) plus eight points. The reference rate shall be the rate in force on the first day of the month in which the payment period ends, as published in the C series of the *Official Journal of the European Union*.

The suspension of the payment period in accordance with Article 2.15.7 may not be considered as a late payment.

Interest on late payment shall cover the period running from the day following the due date for payment up to and including the date of actual payment as defined in Article 2.15.1.

However, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the contractor only upon request submitted within two months of receiving late payment.

2.16 REIMBURSEMENTS

2.16.1 Where provided by the special conditions or by the tender specifications, the contracting authority shall reimburse the expenses that are directly connected with execution of the tasks on production of original supporting documents, including receipts and used tickets, or failing that, on production of copies or scanned originals, or on the basis of flat rates.

2.16.2 Travel and subsistence expenses shall be reimbursed, where appropriate, on the basis of the shortest itinerary and the minimum number of nights necessary for overnight stay at the destination.

2.16.3 Travel expenses shall be reimbursed as follows:

- (a) travel by air shall be reimbursed up to the maximum cost of an economy class ticket at the time of the reservation;
- (b) travel by boat or rail shall be reimbursed up to the maximum cost of a first class ticket;
- (c) travel by car shall be reimbursed at the rate of one first class rail ticket for the same journey and on the same day;

In addition, travel outside Union territory shall be reimbursed provided the contracting authority has given its prior written consent.

2.16.4 Subsistence expenses shall be reimbursed on the basis of a daily subsistence allowance as follows:

- (a) for journeys of less than 200 km for a return trip, no subsistence allowance shall be payable;
- (b) daily subsistence allowance shall be payable only on receipt of supporting documents proving that the person concerned was present at the destination;
- (c) daily subsistence allowance shall take the form of a flat-rate payment to cover all subsistence expenses, including meals, local transport which includes transport to and from the airport or station, insurance and sundries;
- (d) daily subsistence allowance shall be reimbursed at the flat rates specified in Article 1.3;
- (e) accommodation shall be reimbursed on receipt of supporting documents proving the necessary overnight stay at the destination, up to the flat-rate ceilings specified in Article 1.3.

2.16.5 The cost of shipment of equipment or unaccompanied luggage shall be reimbursed provided the contracting authority has given prior written authorisation.

2.16.6. Conversion between the euro and another currency shall be made as specified in Article 2.15.2.

2.17 RECOVERY

2.17.1 If an amount is to be recovered under the terms of the FWC, the contractor shall repay the contracting authority the amount in question according to the terms and by the date specified in the debit note.

2.17.2 If the obligation to pay the amount due is not honoured by the date set by the contracting authority in the debit note, the amount due shall bear interest at the rate indicated in Article 2.15.8. Interest on late payments shall cover the period from the day following the due date for payment up to and including the date when the contracting authority receives the full amount owed.

Any partial payment shall first be entered against charges and interest on late payment and then against the principal amount.

- 2.17.3** If payment has not been made by the due date, the contracting authority may, after informing the contractor in writing, recover the amounts due by offsetting them against any amounts owed to the contractor by the Union or by the European Atomic Energy Community or by calling in the financial guarantee, where provided for in Article 1.4 or in the specific contract.

2.18 CHECKS AND AUDITS

- 2.18.1** The contracting authority and the European Anti-Fraud Office may check or have an audit on the performance of the FWC. It may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks and audits may be initiated during the performance of the FWC and during a period of five years which starts running from the date of expiry of the FWC.

The audit procedure shall be deemed to be initiated on the date of receipt of the relevant letter sent by the contracting authority. Audits shall be carried out on a confidential basis.

- 2.18.2** The contractor shall keep all original documents stored on any appropriate medium, including digitised originals when they are authorised by national law and under the conditions laid down therein, for a period of five years which starts running from the date of expiry of the FWC.

- 2.18.3** The contractor shall allow the contracting authority's staff and outside personnel authorised by the contracting authority the appropriate right of access to sites and premises where the FWC is performed and to all the information, including information in electronic format, needed in order to conduct such checks and audits. The contractor shall ensure that the information is readily available at the moment of the check or audit and, if so requested, that information be handed over in an appropriate form.

- 2.18.4** On the basis of the findings made during the audit, a provisional report shall be drawn up. It shall be sent to the contractor, which shall have 30 days following the date of receipt to submit observations. The final report shall be sent to the contractor within 60 days following the expiry of that deadline.

On the basis of the final audit findings, the contracting authority may recover all or part of the payments made and may take any other measures which it considers necessary.

- 2.18.5** By virtue of Council Regulation (Euratom, EC) No 2185/96 of 11 November 1996 concerning on-the-spot checks and inspection carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities and Regulation (EC) No 1073/1999 of the European Parliament and the Council of 25 May 1999 concerning investigation conducted by the European Anti-

Fraud Office (OLAF), the OLAF may also carry out on-the-spot checks and inspections in accordance with the procedures laid down by Union law for the protection of the financial interests of the Union against fraud and other irregularities. Where appropriate, the findings may lead to recovery by the contracting authority.

- 2.18.6** The Court of Auditors shall have the same rights as the contracting authority, notably right of access, for the purpose of checks and audits.
