Term of office on MB

*November 2025-November 2030***Additional Information**

Emanuele Bilotti is a full professor of private law at the European University of Rome. His research interests include the protection of children's fundamental rights, particularly those born through surrogacy and artificial reproductive techniques. He is also the author of scientific papers on therapeutic self-determination and the legal rights of unmarried couples, including same-sex couples. Professor Bilotti represented Italy in the Hague Conference on Private International Law's Working Group on Parentage and Surrogacy.
