Question 1:

We would like to have a clarification on the tender Annex A – tender specifications – 17.2.2 Technical and professional capacity point b) list of services provided past 3 years.

Question: The amount of EUR 200,000 in Austria – Is this the minimum amount for ONE event only or it could be the addition of several events organised in Austria?

Answer 1:

As mentioned in section 17.2.2 technical and professional capacity, the amount of EUR 200,000.00 in Austria is for one project (one event or one conference).

We herewith clarify that it does not relate only to the management fees but may include all services (including payments and reimbursements on behalf of the FRA) described under section 3.2 of the technical specifications.
