The technical offer must be written with a 'lay person' in mind. The style and presentation must, as far as is possible, be simple and clear, and free of jargon that obscures rather than promotes meaning to readers unfamiliar with it.

Tenders will be evaluated on the basis of the following award criteria:

##### **(a) Project management (30%)**

###### (1) Work Programme (10%)

The tenderer should present a detailed Work Programme proposal in the technical offer, indicating key stages of the project, their duration and expected milestones.

The Work Programme should indicate how the project activities will be implemented in order to achieve the highest quality deliverables.

(2) Composition of the project team (10%)

The tenderer should present a proposal outlining the organisation and composition of the project team specifying respective roles and contributions (see Annex A1 – Technical Specifications, section 8.1 – 8.3).

<b>Total</b>	<b>0-100</b>	<b>30.00 %</b>
<b>Minimum points to be reached for criterion (a)</b>		15.00

In addition to the areas listed in section 3.2 a) – c) of Annex A1 - Technical Specifications tenderers must propose one additional subject related to the situation

of persons with intellectual disabilities and persons with mental health problems to be covered by the research. The subject should be selected based on a set of well-founded criteria, including human rights relevance, potential for policy making at the European level and lack of or limited available research.

#### (2) Selection of countries for fieldwork (15%)

The fieldwork **must be undertaken** in the following **five** (5) countries: Bulgaria, France, Hungary, Sweden and the United Kingdom,

In addition, tenderers should select **three (3)** from the following: Austria, Belgium, Czech Republic, Cyprus, Denmark, Estonia, Finland, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia and Spain.

In selecting the five countries tenderers should keep in mind the need for: good geographical representation of the different EU regions, human rights concerns in the country in question, a mix of welfare regimes, the spread of institutional care, a mix of country sizes, and availability of data. The choice of each additional country must be clearly explained in the technical offer.

#### (3) Fieldwork methodology (20%)

Tenderers must describe in detail their proposed methodology for conducting of fieldwork. In particular tenderers should explain:

- How they will make ensure that the ethical considerations of working with persons with intellectual disabilities and persons with mental health problems are taken into account and addressed;
- How they will undertake observations as described in Activity 4
- How the peer review of interim deliverables will be organized.

#### (4) Number of focus groups and interviews (15%)

The tenderers are requested to provide the number of focus groups and interviews they will deliver in each country, for each of the Activities 3 and 5, in order to collect necessary data and information

The number of interviews and focus groups should be sufficient to substantiate the issues covered by this research project.

The disaggregation by age should allow for comparisons between the situation of children, adults and elderly persons with intellectual disabilities and persons with mental health problems.

<b>b) Methodology</b>	<b>Mark</b>	<b>Weighting in % (= maximum points to be awarded)</b>
<b>(1) Choice of one complementary subject</b>	0-100	10
<b>(2) Selection of countries for fieldwork</b>	0-100	15
<b>(3) Methodology of fieldwork</b>	0-100	20
<b>(4) Number of focus groups and interviews</b>	0-100	15
<b>Total</b>		<b>60.00</b>
<b>Minimum points to be reached for the single criterion (b)</b>		<b>30.00</b>

### **c) Data protection and copyright (10%)**

The tenderer should also outline how they will address data protection and copyright issues. The tenderer should propose how they will:

- ensure that the research will comply strictly to national and EU data protection legislation, especially Regulation EC No.45/2001 and Directive 95/46/EC, as well as regulation EC No. 322/97 on the processing of data for statistical purposes.
- ensure copyright of pictures and other communication material collected, as described in Deliverable 9

<b>Data protection and copyright</b>	<b>Mark</b>	<b>Weighting in % (= maximum points to be awarded)</b>
<b>Data protection and copyright</b>	0-100	10.00
<b>Total</b>		<b>10.00</b>
<b>Minimum points to be reached for the single criterion (c)</b>		<b>5.00</b>

The maximum final score a tender offer can reach are 100 points. Tenders scoring less than 60.00% in the overall points total or less than 50.00% in the points awarded for a single criterion will be excluded from the rest of the assessment procedure.

Tenders should elaborate on all points addressed by these specifications in order to score as many points as possible. The mere repetition of mandatory requirements set out in these specifications, without going into details or without providing any added value, will only result in a very low score. In addition, if certain essential points of these specifications are not expressly covered by the tender, the Contracting Authority may decide to give a zero mark for the relevant qualitative award criteria.

#### **18.4 Financial evaluation**

Tenderers are required to fill in Annex C.3 – Financial Offer of the SSF.

Tenderers must provide one fixed price including all fees and project related costs (project management, quality control, back-up resources, etc) directly or indirectly connected with the provision of the service for phase I and phase II. The fixed price has to include all travel expenses for travelling from the tenderer's place of business to Vienna and from Vienna to the tenderer's place of business where is necessary.

The tender with the lowest financial offer will receive a price indicator of 100 points. The remaining offers will receive lower price indicators in proportion to their prices.

#### **19 Awarding**

The contract will be awarded to the most economically advantageous offer on the basis of the following ratio between the total points scored and the price:

**Final Evaluation = Quality points \* 70.00 % + Price points \* 30.00 %**

Tenders should elaborate on all points addressed by these specifications in order to score as many points as possible. The mere repetition of mandatory requirements set out in these specifications, without going into details or without giving any added

value, will only result in a very low score. In addition, if certain essential points of these specifications are not expressly covered by the tender, the Contracting Authority may decide to give a zero mark for the relevant qualitative award criteria.

## **20 Information For Tenderers**

The Contracting Authority will inform tenderers of decisions reached concerning the award of the contract, including the grounds for any decision not to award a contract or to recommence the procedure.

If a written request is received, the Contracting Authority will inform all rejected tenderers of the reasons for their rejection and all tenderers submitting an admissible tender of the characteristics and relative advantages of the selected tender and the name of the successful tenderer.

However, certain information may be withheld where its release would impede law enforcement or otherwise be contrary to the public interest, or would prejudice the legitimate commercial interests of economic operators, public or private, or might prejudice fair competition between them.

## **21 Contacts between the tenderer and the Agency**

In principle, no contact is permitted between the Agency and the tenderers during the contract award procedure.

However, in exceptional circumstances contact may be made on the tenderers' initiative before the final date for the receipt of bids, in order (and only for this reason) to clarify the nature of the contract.

Payments under the contract shall be made as follows:

- A pre-financing payment of 60 per cent of the total value of the contract within 30 days of the date on which the contract enters into force, **and** upon reception by the Contracting Authority of a duly constituted financial guarantee (e.g. bank guarantee) equal to the amount paid.

## **25 Structure of the tender**

All tenders must be presented as follows:

### **25.1 Administrative details**

- a) Where a tender involves several service providers, they may choose between:
- making a joint bid, in which case all the providers must be considered as tenderers and, if theirs is the successful bid, as contractors (in this case, one of the tenderers must be put forward as coordinator to manage the contract) (Annex C.1.1 or C.1..2);

and

- making a bid in the name of only one tenderer, who is then the sole contractor if the bid is successful, the other service providers being considered as subcontractors (see article 16 of the tender specifications) (Annex C.1.3).

Whichever type of bid is chosen (joint bid or bid in the name of one tenderer), the tenderer(s) must stipulate the role, qualifications and experience of each service provider and, where relevant, the monitoring arrangements that exist between them.

- b) To identify himself the tenderer must fill in the two forms attached as Annex C.1.4 and C.1.5:
- The Legal Entity File, to be signed by a representative of the tenderer authorised to sign contracts with third parties. There is one form for individuals, one for private entities and one for public entities. A standard form is provided in Annex C.1.4
  - a bank identification form filled in and signed by an authorised representative of the tenderer and his or her banker. A standard form is provided in Annex C.1.5

The Legal Entity File must be supported by the following documents relating to each tenderer in order to show its name, address and official registration number:

- If the instruments mentioned in the first paragraph have not been amended since incorporation and the tenderer's registered office has not been transferred since then, a written confirmation, signed by an authorised representative of the tenderer, that there has been no such amendment or transfer;
- A legible copy of the notice of appointment of the persons authorised to represent the tenderer in dealings with third parties and in legal proceedings, or a copy of the publication of such appointment if the legislation which applies to the legal entity concerned requires such publication.
- If the above documents do not show the registration number, a proof of registration, as prescribed in their country of establishment, on one of the professional or trade registers or any other official document showing the registration number.
- If the above documents do not show the VAT number, a copy of the VAT registration document, where applicable.

**For Individuals:**

**All tenderers must provide their Legal Entities File as well as the evidence mentioned above.**

**Subcontractors are only obliged to provide the legal entity file, without the above mentioned evidence.**

**In case of joint bid, only the co-ordinator must return the financial identification form.**

## **25.2 Application of exclusion criteria and exclusion of tenderers**

To demonstrate there are no grounds for disqualification on the basis of the exclusion criteria, tenderer to whom the contract is to be awarded shall provide, within fifteen (15) calendar days and preceding the signature of the contract, the evidence listed in article 18.1 – Exclusion criteria of the Tender Specifications. Only when such evidence is not available, under the circumstances described in article 18.1 – Exclusion criteria of the tender specifications, can the standard form (Annex C.2.1) replace such evidence if it is filled in and signed in front of one of the third parties described in article 18.1 – Exclusion criteria of the tender specifications.

### **Administrative and financial penalties**

By returning the form in Annex C.2.1, duly signed, tenderers confirm that they have been notified of the following points.

Administrative or financial penalties may be imposed by the Contracting Authority on tenderers who are in one of the cases of exclusion provided for in Annex A.1 Tender Specifications under article 18.1 after they have been given the opportunity to present their observations.

These penalties are detailed in Article 96 of the Financial Regulation (OJ L 248, page 1, of 16 September 2002) and Article 133 of the Regulation laying down the rules for the implementation of the Financial Regulation (OJ L 357, page 1, of 31 December 2002). We invite tenderers to read carefully those two articles.

## **25.3 Application of Selection Criteria (Selection Of Tenderers)**

This part of the tender concerns the criteria and evidence relating to the technical, professional, economic and financial capacity of the service provider(s) involved in the bid. It should also contain any other document that the tenderer(s) wish(es) to include by way of clarification.

The proper implementation of the contract requires a multiplicity of skills, capacities and different types of expertise to be combined in the performance of the various tasks and activities.

An economic operator may rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. In that case, evidence must be provided, that it will have at its disposal the resources necessary for performance of the contract, for example by producing a clear undertaking on the part of those entities to place those resources at its disposal.

If several service providers are involved in the bid, each of them must have and show that they have a) the technical and professional capacity to perform the tasks assigned to them in the tender, and b) the required financial and economic capacity.

This rule applies to all service providers, regardless of the percentage of tasks they intend to execute, once they have chosen to be tenderers.

However, if the tender includes subcontractors whose tasks represent less than 20% of the contract, those subcontractors are not obliged to provide evidence of their financial and economic capacity.

**Tenderers' attention is drawn to the fact that any total or partial omission of information for which one or more service providers involved in the tender are responsible may lead the Contracting Authority to exclude the tender from the rest of the procedure.**
