Answer categories -96 (Prefer not to say), and -99 (Don't know) should not be visible to respondents when a question first appears. They become visible only if respondents click on the 'next question' button without selecting any answer to the current question. This happens only for questions where categories -96 and/or -99 are mentioned in the questionnaire, unless stated otherwise.

If respondents do not select an answer to the current question and they click on 'next question' button, they should stay on the current question and a message 'Please answer this question' should appear.

	ASK ALL
	<p><b>Thank you for taking part in the EU LGBTIQ survey.</b></p> <p><b>The results of the survey will be published on the webpage of the European Union Agency for Fundamental Rights (FRA) in the first half of 2024.</b></p>

---

If you know of others who might be interested in taking part in the survey, **please do forward the link**. We would especially like to encourage older lesbian, gay, bisexual, trans, intersex and/or non-binary and other gender non-conforming persons to take part in the survey too.

<List of organizations > Please **click here** to see a list of relevant organisations that might provide you with further assistance if you have been discriminated against or have been victim of crime.

[INFO BUTTON: needs to lead to a separate html/popup – FRA will provide contact details per country / group. Ideally the list to show should be based on the selected country / respondent category]

**If you need to, do not forget to delete your internet browsing history showing that you participated in this survey.**
