QUESTIONS AND ANSWERS (IV)

Subject: F-SE-12-T09 Photographic Services
Contract notice: 2012/S 205-336446 of 24/10/2012

Question 1:

According to 18.2.2 information concerning prices, the VAT amount must be indicated separately.

Should this amount (or percentage) be specified in the procurement procedure? If so, is there a dedicated space for this percentage (or amount) indicated in the submission form?

Answer 1:

According to section 18.2.2, "tenderers must take into consideration that prices shall be free of all duties and taxes (in particular VAT)", therefore, the VAT will not be included in the prices mentioned in the financial offer.
