## **QUESTIONS AND ANSWERS (III)**

**Subject:** F-SE-12-T09 Photographic Services  
**Contract notice:** 2012/S 205-336446 of 24/10/2012

### **Question 1:**

Should one attach photographs or published examples (brochures, flyers or other printed media) of the principal services performed by the tender?

### **Answer 1:**

According to article 17.2.2, paragraph b (Technical and professional capacity) of Annex A (tender specifications), "tenderers are required to prove that they have performed at least 2 projects of an amount/ nature or scope similar to the services to be carried out under this tender", the details of which are to be filled in form D.2 of the Standard Submission Form.

Since it has not been specifically mentioned in the call to attach examples of the services, the tenderer is not obliged to do it.
